

Create something beautiful to remember them by

I can offer a sculpture that will be a unique and tasteful memorial to a loved one.

I can make Eternal Flame sculptures on commission in varying colours of your choice. Maybe a favourite colour, the colours of their football team, their birthstone or the colour of a much-loved pet.

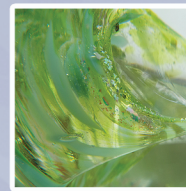

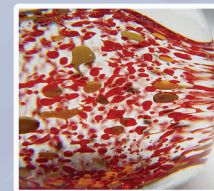

Did they have a green thumb or a love of the great outdoors? Support Manchester United or Newcastle United? Keep Koi Carp or tropical fish?

Answers to these questions can help you choose the colours you would like incorporated into your design and just as these colours uniquely remind you of the person or pet you love, each Eternal Flame is unique to you alone.

Eternal Flame - To Remember A Loved One

We often want something eternal, as well as tasteful, to honour a loved one's memory.

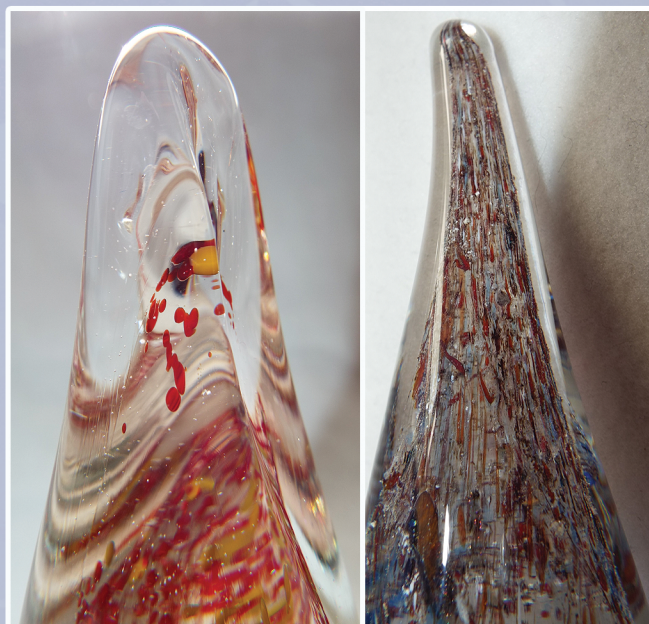

I have designed Eternal Flame so that some ashes can be included in a glass sculpture to immortalise the one that you have lost. Each piece is bespoke. I am able to encase ashes of a loved one, and with the colour scheme we put together from your input, it will make a unique memorial. If you do not wish to include ashes, I can still create a sculpture for you that will be a lasting memorial to your loved one. This could also be a fitting memorial for a cherished pet.

The first step is for us to have a consultation regarding the person or pet you wish to memorialise. From this I can use colours to create something that reminds you of them.

I can build on my emotions and thoughts, and together we can create a sculpture that fits in with modern living. Specific and elegant, but not too cumbersome in the home or garden.

I have two different types of tops to choose from and the internal colour combination will be a reflection of what you wish to see. These sculptures are one off because they are prepared especially for you.

Left: shows the flattened top and
right: the more pointed top

When we have discussed your requirements and the colour combinations are mixed, I will make a few examples for you to consider.

Only when you are happy with what the final piece looks like, do I actually include the ashes. I only need a very small amount and I treat this project with the utmost respect and dignity.

Prices start at £50.00 - £250.00 depending on the complexity of the piece.
